Introduction

The Texas Department of Criminal Justice (TDCJ) Fiscal Year 2009 Statistical Report provides demographic information for a total of 690,231 cases under supervision on August 31, 2009, as well as those received and released throughout the fiscal year. An offender may have multiple types of supervision and be counted in more than one of the categories provided. The report includes information for both the incarcerated offender population and the adult offender population that is supervised in the community.

The **Demographic Highlights** section offers a summary of the characteristics of the incarcerated population that was on hand as of August 31, 2009 and offenders who were received and released during the fiscal year. The characteristics include gender, average age, race, offense, custody, sentence length and educational achievement measures. This section also includes characteristics of offenders who were supervised by the Parole and Community Justice Assistance Divisions. In addition to demographics, information offered for the community-supervised population includes supervision status, employment, and primary needs level.

The **On Hand** section of the report provides an in-depth look at the incarcerated population on August 31, 2009. In addition to comprehensive demographics, this section focuses on the offense, sentence length and release eligibility of the offenders. Detailed information is provided for the prison, and state jail, and SAFF populations.

The **Receives and Admissions** section includes demographics of offenders that were received by TDCJ during the fiscal year. Offenders who are received are categorized as New Receives, Parole and Mandatory Supervision Revocations and Community Supervision Direct Sentences/Modifications. New receives are offenders who are admitted to TDCJ who are not under the supervision of the Parole Division. This category also includes offenders who are under the supervision of local Community Supervision and Corrections Departments who have not served in TDCJ for that offense. Parole revocations include offenders who were revoked from parole, mandatory supervision and discretionary mandatory supervision. Community Supervision modifications include those offenders under the supervision of local Community Supervision and Corrections Departments who are being incarcerated due to unsuccessfully completing the terms of their supervision after being released from TDCJ on that offense. In addition to demographics, this section also includes offense of record, county of conviction, and sentence information. As a separate category, admissions to TDCJ include offenders who returned from bench warrant from prior fiscal years and transfers from other TDCJ divisions.

The **Releases and Departures** section provides demographics of offenders who were released from TDCJ custody during the fiscal year. Offenders who were released are categorized as Discharges, Releases to Community Supervision and Releases to Parole Supervision. Discharges are offenders who are released from TDCJ either by full expiration of their sentence or by court order. Releases to Community Supervision are offenders who are released to be supervised by local Community Supervisions and Corrections Departments. Releases to Parole Supervision include releases to parole, mandatory supervision and discretionary mandatory supervision. These types of releases are under the jurisdiction of the Parole Division. As a separate category, departures from TDCJ include deaths, executions, transfers between TDCJ divisions, and bench warrant releases that did not return during the fiscal year.

Statistical tables listing categories by county of conviction (i.e., total releases by county) show the 20 counties with the highest population in the State. All other counties are grouped together.

Additional statistical information can be obtained by contacting Executive Services at 936-437-6144 or by e-mail at exec.services@tdcj.state.tx.us.

Some levels within these custodies (G1/J1/OT) do not allow current or prior convictions of any type where the offender intentionally caused the death of another person or sexual offense and do not have any pattern of freeworld offenses of violence.

G/J4 – Offenders in this custody have two (2) or more non-assaultive disciplinary convictions resulting in major penalties within the past six (6) month; one (1) disciplinary conviction resulting in a major penalty for offender or staff assault without a weapon within the past 12 months; Line Class II or III time-earning status (prison offenders only) if the offender is not assaultive or aggressive in nature; or placement of a security precaution designator for escape (ES), staff assault (SA), or hostage (HS).

Intermediate Sanction Facilities (ISF) – A fully-secured facility used for short-term incarceration of offenders who violate the conditions of their community supervision, parole, or mandatory supervision. ISFs are utilized by CSCDs for community supervision offenders and by the Parole Division (PD) for parolees and mandatory supervision offenders.

Mandatory Supervision (MS) – A type of release from prison provided by law for restricted categories of offenders. Eligible offenders are released on MS when their calendar time served added to their good time credit equals the length of their prison sentence. Under the law in effect until August 31, 1996, release to mandatory supervision was automatic for most offenders, with no requirement of release approval from the Board of Pardons and Paroles.

New Offense – Violation of supervision by the conviction of or pending charges of felony or misdemeanor offenses and possible technical violations.

New Receives – Offenders admitted to a TDCJ facility for the first time on an offense, or are repeat offenders who were not under parole or mandatory supervision at the time of their new conviction.

¹⁷ Prison and State Jail On Hand by Receive Type are offenders incarcerated on August 31, 2009 categorized by how they were received by the Agency. These offenders were last received during a variety of fiscal years, not just FY 2009.

¹⁸ New commitments to TDCJ are offenders who have been convicted of additional offenses, one of which is longer than their existing sentence. These offenders would have come into TDCJ as a new receive or as a revocation.

¹⁹ For the purposes of this chart, community supervision revocations are only those offenders who were previously incarcerated in TDCJ for an offense, released to community supervision and subsequently revoked for that same offense. Revocations from community supervision where the offender was not previously incarcerated in TDCJ for the same offense are included in the new receives category.
